COMMUNITY

Giving Back To The Communities We Operate Within

COMMUNITY

We believe companies that succeed in the future will be those that continuously invest in their people. Upskilling the national workforce is a founding principle of our company as we strive to better the lives of people in Papua New Guinea.

Environment

We seek to continually improve the environmental outcomes of our operations. The Constantinou Group focuses on reducing environmental impact of our production processes where possible.

Health & Safety

We are focused on developing and implementing safety management plans to:

- identify risks and hazards on the worksite and applying the appropriate levels of controls
- develop and monitor implementation of safe work methods and practices
- develop and implement safety training for all employees and subcontractors
- set measurable objectives and targets to ensure continual improvement

FUTURE VISION Jackson's Heights Development

The Jacksons Heights Master Plan includes:

- **5 Stages of Residential and Commercial Lots:** Spanning over 150 hectares at 7 Mile, offering diverse opportunities for living and business.
- **Educational Facilities: Provision for school to support family living.**
- **Recreation Parks and Nature Reserves:** Embrace the natural beauty and green spaces designed for your relaxation and enjoyment.
- **Convenient Location:**
 - Just a 10-minute drive to Waigani via Jacksons Parade and the Kumul Flyover.
 - Only 5 minutes from Jacksons International Airport.
 - Approximately 20 minutes to Port Moresby CBD.
- **Future Expansion:** Jacksons Parade will be extended to connect with Sir Rueben Taureka Highway (formerly Magi Highway) as the development progresses.
